SMART CAMERA
USER MANUAL

OPEN THE CAMICOO BOX AND CONNECT THE CAMERA

- Remove the camera from the box.
- Connect the USB cable to the camera.
- Insert the supplied SD card into the camera's SD card slot.

DOWLOAD THE APP

Search for “Tuya Smart” in App store or Google Play or scan the QR code below to download.

Scan the QR code to download.

Or click here to download the app.

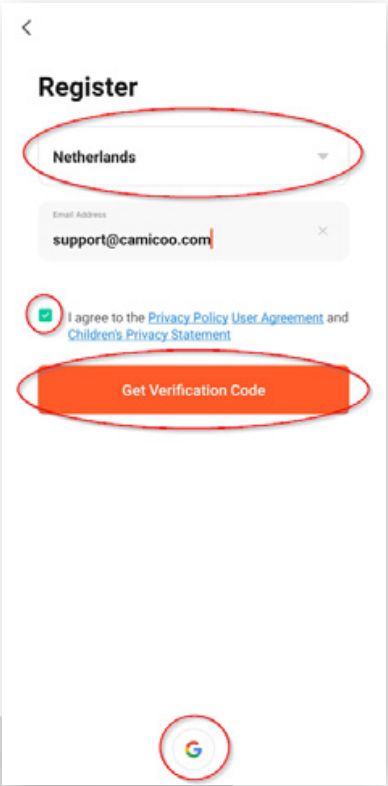
iOS

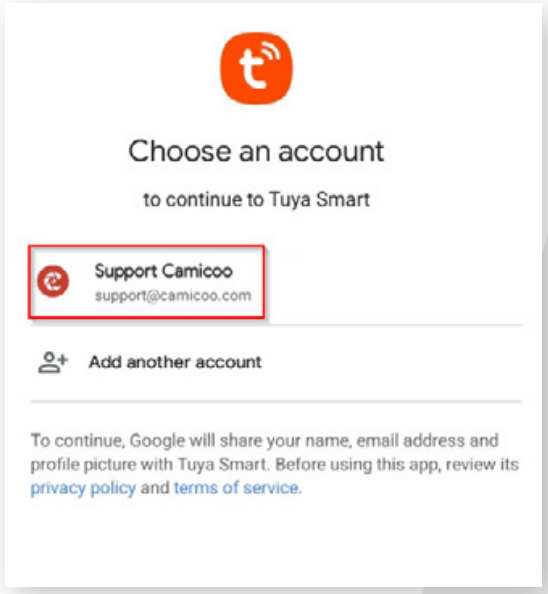
Android

REGISTER ACCOUNT / LOG IN ACCOUNT

Register a new account

- Open the Tuya Smart app and click on “New account.”
- Choose your country and accept the terms and conditions.
- If you have a Gmail account, click on the Google icon and select your account.
- If you don’t have a Gmail account, enter your email address and click on “Get verification code.” Follow the instructions.



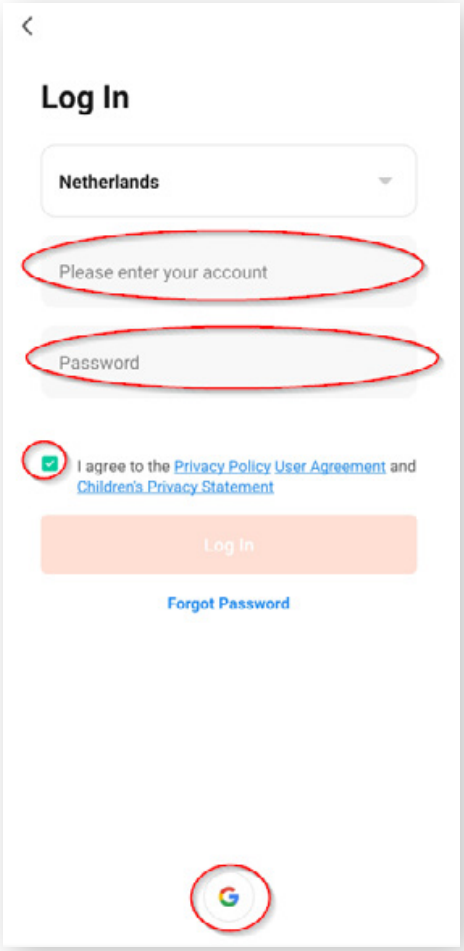


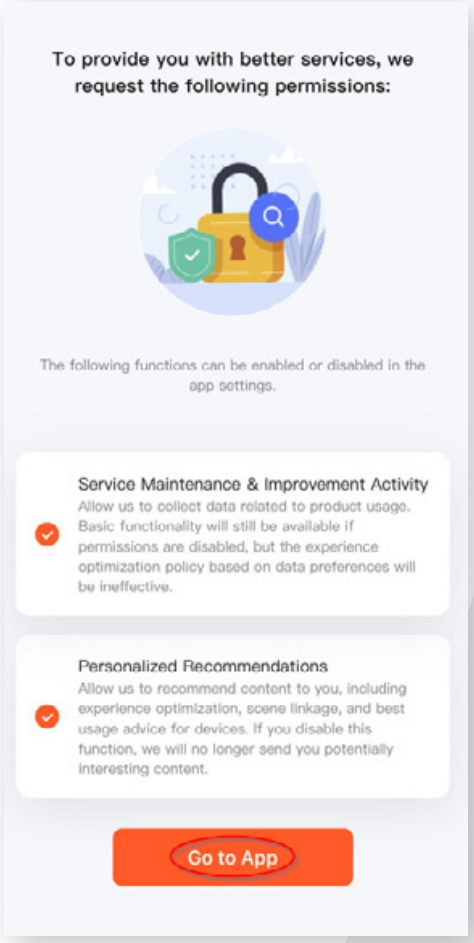
- Choose your google account

Login

Already have an account?

- Choose “Log in with an existing account.”
- Enter your account details or log in with your Gmail account.

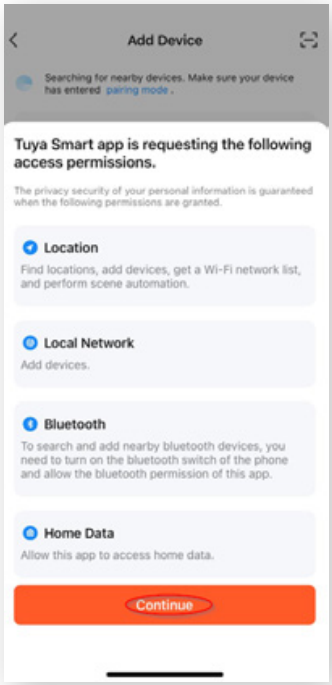




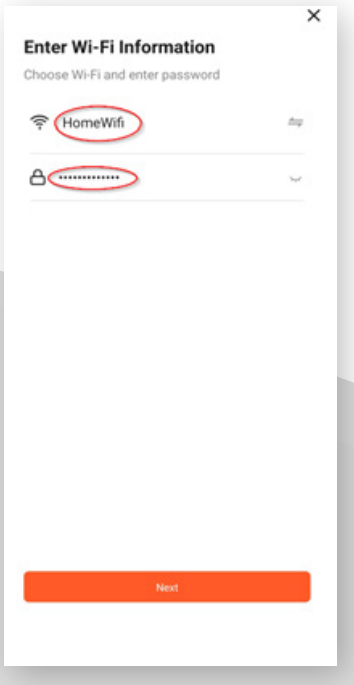
Accept or deselect the options below, then click “Go to App.”

ADD DEVICE

If the automatic addition does not work, see page 8 for instructions on manual addition.

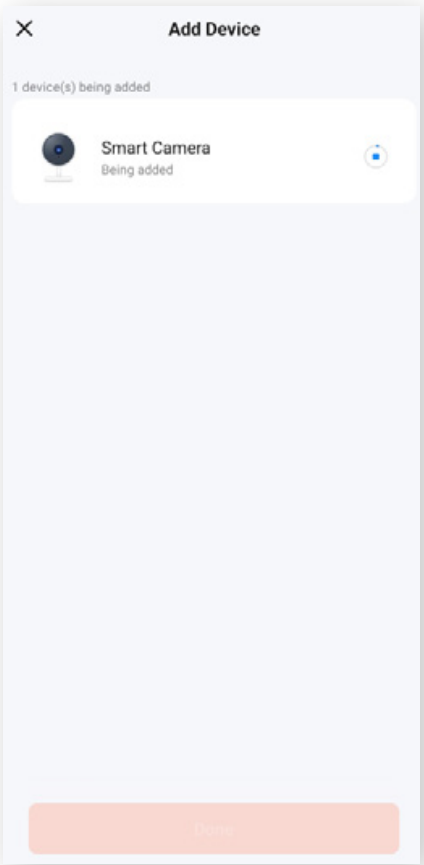


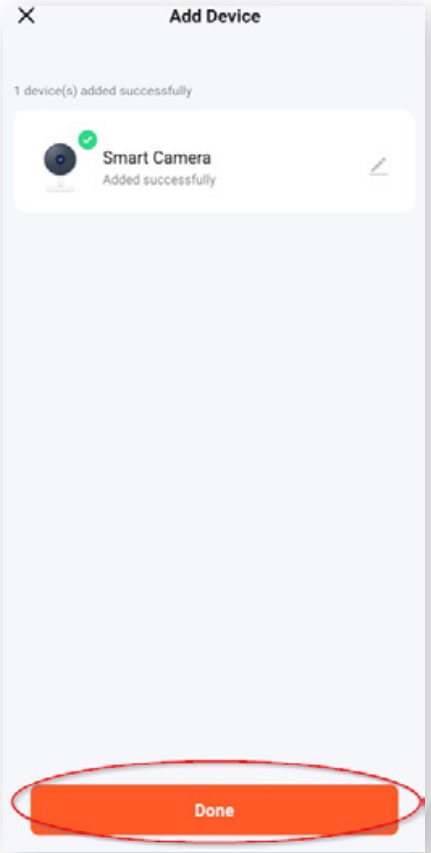
Click on “Add Device” and then on “Understood.”
Click on “Continue.”



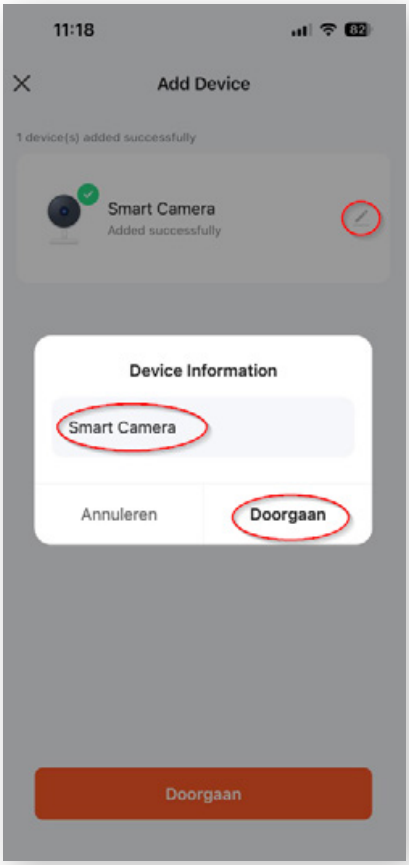
- Ensure your Bluetooth is on and click “Allow.”
- Enter your Wi-Fi details and wait a few seconds.

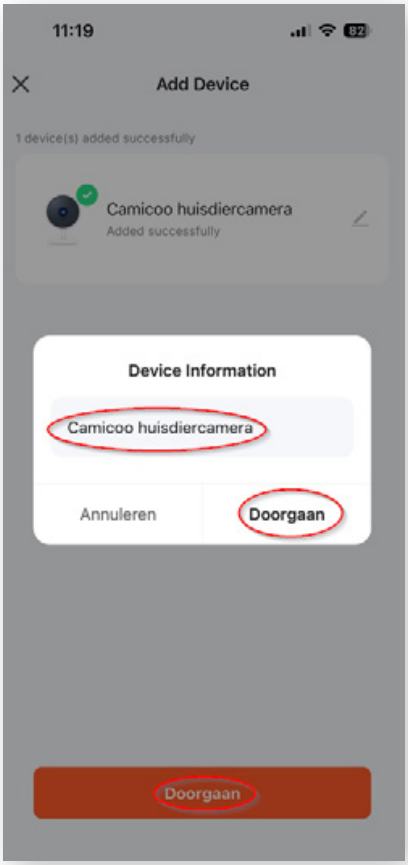
The camera has now been successfully added. The default name of the camera is Smart Camera; you can change this if desired.



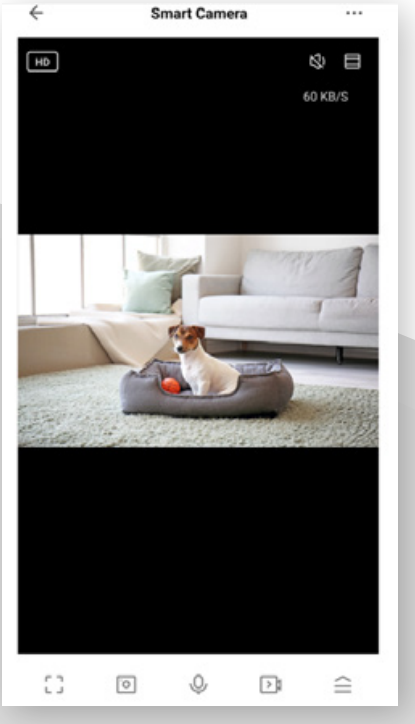


- Click on the pencil icon.
- Change the name.
- Click on “Continue.

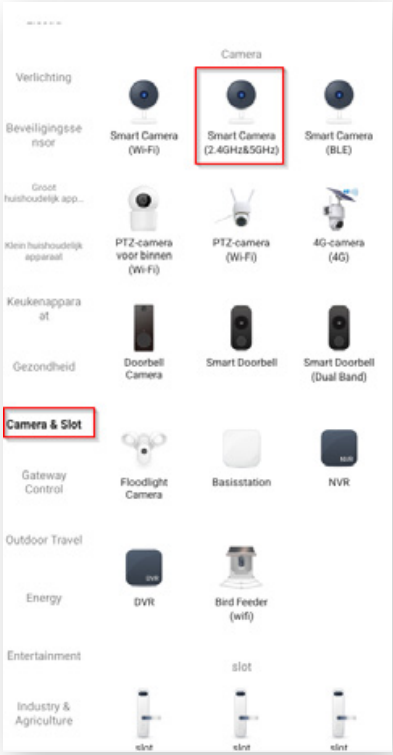




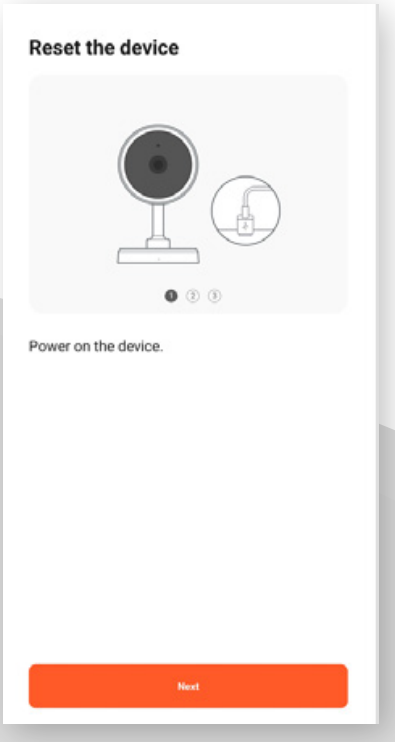
You can now view live footage.



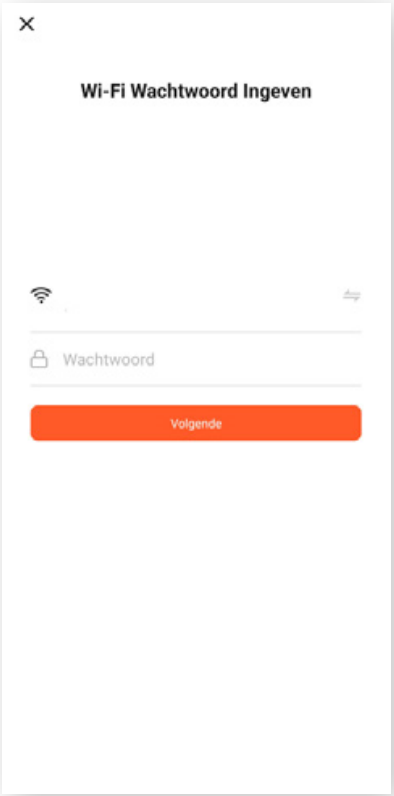
MANUALLY ADD THE CAMERA



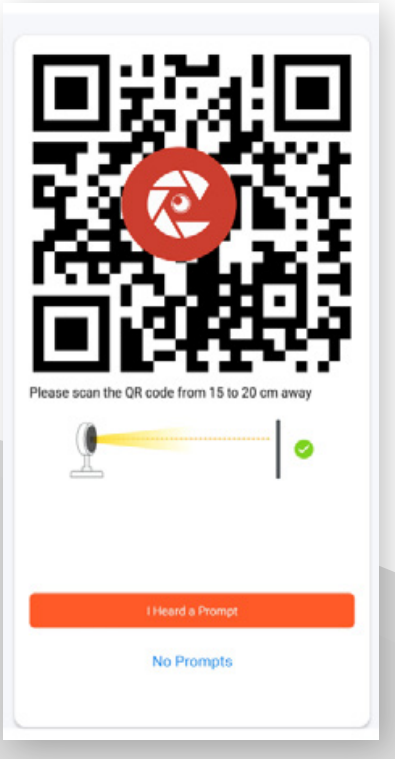
Click on “Smart Camera (2.4 & 5GHz)”.



Follow the instructions and click ”Next”.



Enter your Wi-Fi details here.

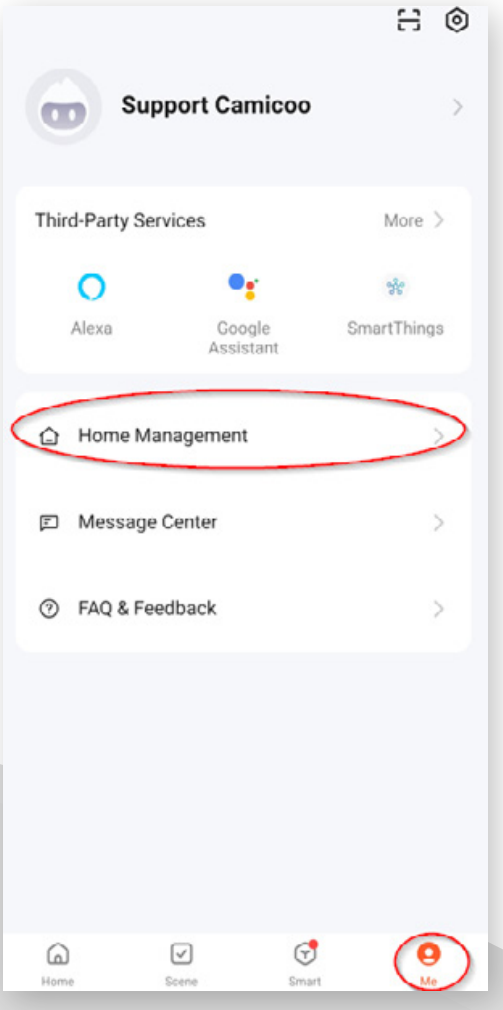


Scan the QR code with the camera

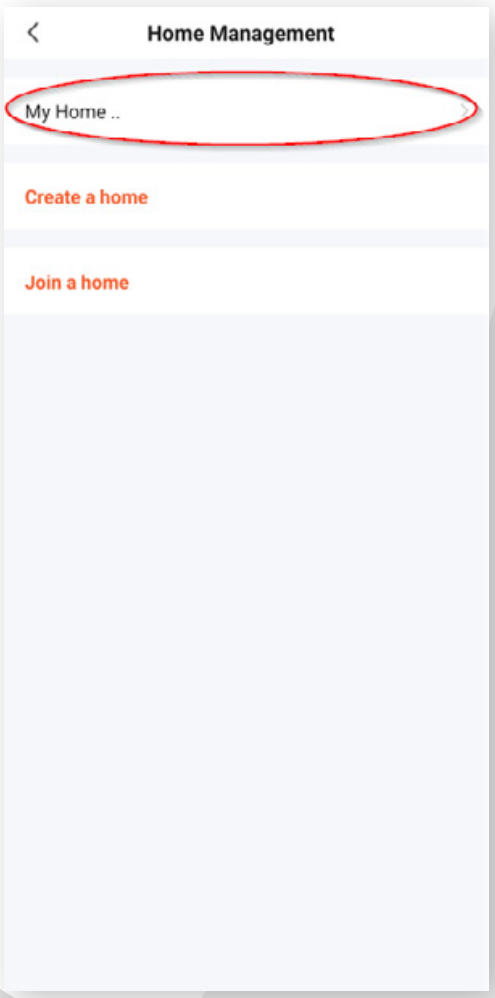
HOME MANAGEMENT

To set up your account in the most user-friendly way, start by configuring your home

- Click on “Me” in the app.
- Click on “Home Management.”



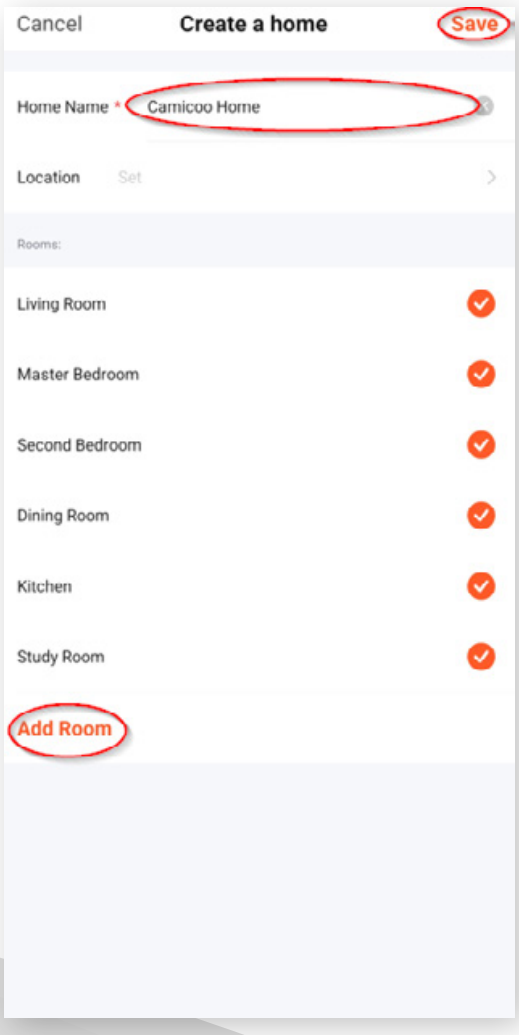
Click on my home...



Customize the name of your home and rooms if desired.

- Click on “Continue.”

- The details have now been updated.



ADD MULTIPLE USERS

- Go to “Profile” > “Home Management.”
- Click on “Add Family.”
- Click on “Add Members.” Adjust the permissions if desired.
- Send the link to the person who needs access.
- Once the person clicks “OK,” they will be added as a user.

Enjoy your Camicoo camera!
